

DeliCatessen

★★★
Made in
Germany

GranataPet's DeliCatessen canned food is produced from the finest and freshest ingredients in Germany. It contains pomegranate seeds and thus helps to protect cells and strengthens your cat's immune system. The salmon oil protects your cat's skin and gives it a silky, sleek coat. This high-quality, exceptional canned food is grain-free, gluten-free and therefore virtually hypoallergenic. Of course, it is also rich in taurine for your cuddly little kitty. Put health and well-being in your cat's bowl with GranataPet DeliCatessen.

Our dry food

Cats are by nature carnivores and have an appreciation for good food. So their diet is rich in proteins and contains the right amount of fat. This is why our dry food does not contain any grains. With the large quantity of high-quality meat and fish, your cat gets the ideal nourishment – and just as nature intended. Delicious taste is also guaranteed – perfect for fussy kitties. And, of course, taurine – the essential amino sulphonic acid – is in our dry food.

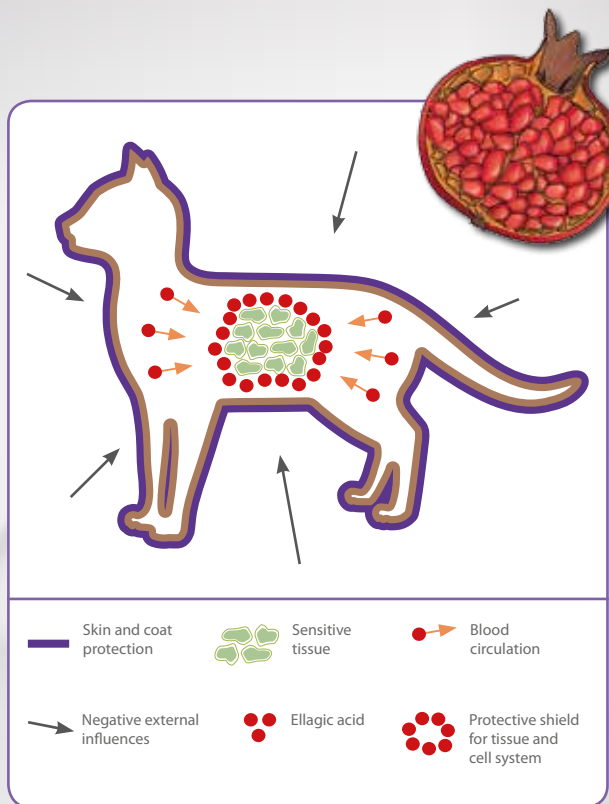

★★★
Made in Austria

What else is special?

The added pomegranate seeds give your cat a unique sensation in terms of both aroma and taste. They are also particularly rich in natural polyphenols (ellagic acid). By trapping specific free radicals, this helps to protect cells and strengthens your cat's immune system.

W.A.S.
Wellness Active System

The **W.A.S. (Wellness-Active-System)** is a combination of ingredients in all GranataPet recipes that is based on natural bioactive substances. The active agent components have been carefully coordinated and complement one another in the digestive tract or rather in the somatic cells. The high meat content in connection with pomegranate seeds, salmon oil (for the balance essential fatty acids) as well as intentionally foregoing cereals, have a positive influence on the immune system and cell protection. This can also support maintaining urinary tract health. Quite a simple and real wellness-active-system. The interplay of special carbohydrates (FOS, beta glucans) and beet pulp benefit a prebiotic effect on the gut flora and can thus make an important contribution to maintaining the health of the intestinal tract.

GranataPet Adult Poultry Deluxe-high-premium whole food nutrition for full grown cats

With the large quantity of high-quality poultry (animal protein), your cat gets the ideal nourishment – and just as nature intended. Delicious taste is also guaranteed – perfect for fussy kitties. Energetic four-legged friends and outdoor cats love this recipe.

Composition:

Poultry meat (40 %, dried and finely ground), potato flakes, poultry fat (11 %), pomegranate seeds (5 %), salmon oil (1.5 %), brewer's yeast, whole beet pulp (sugar extracted), whole egg powder, carbonate feeding lime, lignocellulose, F.O.S. (fructooligosaccharides), New Zealand green-lipped mussel (finely ground, naturally rich in glucosamine and chondroitin), yucca schidigera

Analytical constituents:

Protein: 33 %, fat content: 21 %, crude fibre: 4.0 %, crude ash: 4.7 %

Nutritional additives/kg:

Vitamin A: 22000 I.E., Vitamin D3: 1300 I.E., Vitamin E: 122 mg, L-carnitine: 500 mg, Taurine: 1400 mg, Copper (as copper-(II)-sulphate, pentahydrate): 13 mg, Zinc (as zinc oxide): 107 mg, Iodine (as calcium iodate, hexahydrate): 1.8 mg, Selenium (as sodium selenite): 0.14 mg

GranataPet Adult Fish Deluxe-high-premium whole food nutrition for full grown cats

This reduced-fat and slightly 'slimmed down' meal will suit those less active mouse catchers. As a cat lover, you can also view this as the ideal diet for older cats as well as those that have been spayed or neutered.

Composition:

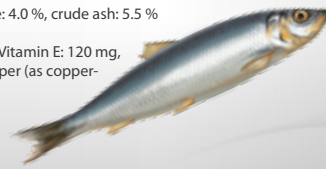

Fish (36 %, consisting of redfish, cod, coalfish and herring, dried and finely ground), potato flakes, poultry fat, pomegranate seeds (6 %), salmon oil (2.45 %), brewer's yeast, whole beet pulp (sugar extracted), whole egg powder, carbonate feeding lime, lignocellulose, F.O.S. (fructooligosaccharides), New Zealand green-lipped mussel (finely ground, naturally rich in glucosamine and chondroitin), yucca schidigera

Analytical constituents:

Protein: 28 %, fat content: 17 %, crude fibre: 4.0 %, crude ash: 5.5 %

Nutritional additives/kg:

Vitamin A: 19000 I.E., Vitamin D3: 1100 I.E., Vitamin E: 120 mg, L-carnitine: 500 mg, Taurine: 1200 mg, Copper (as copper-(II)-sulphate, pentahydrate): 5 mg, Zinc (as zinc oxide): 60 mg, Iodine (as calcium iodate, hexahydrate): 0.7 mg, Selenium (as sodium selenite): 0.14 mg

GranataPet Adult Duck Deluxe-high-premium whole food nutrition for full grown cats

The high-quality, special formula specifically protects the skin and coat, which are the primary signs of a healthy cat. The adapted energy-protein ratio provides a wide range of benefits. A real all-rounder.

Composition:

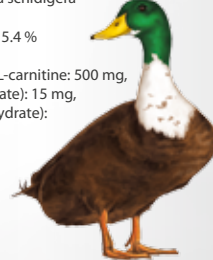

Duck meat (44 %, dried and finely ground), potato flakes, poultry fat, pomegranate seeds (5 %), salmon oil (1.5 %), brewer's yeast, whole beet pulp (sugar extracted), whole egg powder, carbonate feeding lime, lignocellulose, F.O.S. (fructooligosaccharides), New Zealand green-lipped mussel (finely ground, naturally rich in glucosamine and chondroitin), yucca schidigera

Analytical constituents:

Protein: 31 %, fat content: 19 %, crude fibre: 4.0 %, crude ash: 5.4 %

Nutritional additives/kg:

Vitamin A: 19000 I.E., Vitamin D3: 1200 I.E., Vitamin E: 120 mg, L-carnitine: 500 mg, Taurine: 1300 mg, Copper (as copper-(II)-sulphate, pentahydrate): 15 mg, Zinc (as zinc oxide): 113 mg, Iodine (as calcium iodate, hexahydrate): 1.9 mg, Selenium (as sodium selenite): 0.14 mg

GranataPet Adult Shrimps Deluxe-high-premium whole food nutrition for full grown cats

Even cats that don't like fish will enjoy this dry-food variety and will love these delicious treats. This recipe is also a real treat for sensitive cats and indoor cats.

Composition:

Shrimps (42 %, dried and finely ground), potato flakes, poultry fat, pomegranate seeds (5 %), salmon oil (2.45 %), brewer's yeast, whole beet pulp (sugar extracted), whole egg powder, carbonate feeding lime, lignocellulose, F.O.S. (fructooligosaccharides), New Zealand green-lipped mussel (finely ground, naturally rich in glucosamine and chondroitin), yucca schidigera

Analytical constituents:

Protein: 30 %, fat content: 20 %, crude fibre: 3.9 %, crude ash: 5.3 %

Nutritional additives/kg:

Vitamin A: 19000 I.E., Vitamin D3: 1000 I.E., Vitamin E: 120 mg, L-carnitine: 500 mg, Taurine: 1200 mg, Copper (as copper-(II)-sulphate, pentahydrate): 4.5 mg, Zinc (as zinc oxide): 60 mg, Iodine (as calcium iodate, hexahydrate): 0.6 mg, Selenium (as sodium selenite): 0.14 mg

GranataPet Kitten Poultry Deluxe-high-premium whole food nutrition for growing cats

Adapted for energy and specifically tailored with growth in mind, this special food makes the transition to solid foods easier after the weaning stage and gives your cat the perfect start in its first year of life. So the young and growing animal gets everything it needs. GranataPet Kitten can also be given to mother cats during pregnancy and lactation periods without any concern.

Composition:

Poultry meat (43 %, dried and finely ground), potato flakes, poultry fat (12 %), pomegranate seeds (5 %), salmon oil (1.5 %), brewer's yeast, whole beet pulp (sugar extracted), whole egg powder, carbonate feeding lime, lignocellulose, FOS (fructooligosaccharides), New Zealand green-lipped mussel (finely ground, naturally rich in glucosamine and chondroitin), yucca schidigera

Analytical constituents:

Protein: 35 %, fat content: 23 %, crude fibre: 4.0 %, crude ash: 4.5 %

Nutritional additives/kg:

Vitamin A: 22000 I.E., Vitamin D3: 1300 I.E., Vitamin E: 122 mg, L-carnitine: 500 mg, Taurine: 1500 mg, Copper (as copper-(II)-sulphate, pentahydrate): 13 mg, Zinc (as zinc oxide): 111 mg, Iodine (as calcium iodate, hexahydrate): 1.9 mg, Selenium (as sodium selenite): 0.14 mg
